

UNITED STATES NAVAL ACADEMY FOUNDATION

Philo T. McGiffin
1234 Anywhere Street
Annapolis, MD 21402

Dear Commander Philo T. McGiffin,

You will soon receive a call from 410-295-4148 — please answer. A Naval Academy Foundation representative will share an exciting opportunity to join the **Class of 1999 Alumni Center Support Project**.

Many years have passed since we met at USNA for I-Day, and it’s hard to believe that we are now the “Old Grads” that we once looked up to as young Mids. We feel indebted to the institution for the education, leadership development, friendships, and opportunities that we’ve been offered since graduation day.

Now **the Class of 1999 has the opportunity to give back for all we’ve been given** and be recognized in perpetuity for our support.

Our class project’s goal is \$250,000 to support the Naval Academy Alumni Association and Foundation Center. Scheduled to open in early 2023, the Center will add a premium venue for alumni events and showcase our military achievements and civilian successes. It will serve as a **living memorial for all alumni**, conveying the Academy’s history of extraordinary leadership in the military, government, corporate America, and civic engagement. Personally, we can’t wait until we can congregate there and once again share our stories.

Please join our class officer team in supporting this effort with a quarterly pledge of \$150 over the next 5 years, totaling \$3,000. If you prefer to make your gift before your call, a giving form is enclosed. You may also give online at www.usna.com/give/1999

Thank you in advance for answering our call and for helping us achieve our ambitious goal! **Go Navy!**
